WHY WE EXIST

# Vision & Mission

Commerce Leaders Initiative was founded on a single conviction: that Commerce students deserve preparation as rigorous, structured and outcome-driven as any engineering or medical track.

## Our Vision

To be Jharkhand's most trusted launchpad for Commerce education — empowering every student to convert academic excellence into admission success at India's premier Commerce and Management institutions.

## Our Mission

To deliver an integrated, rigorous and personalised preparation ecosystem — combining Board examination mastery with CUET domain expertise — so every student enters the exam hall fully prepared and ahead of the curve.

## About Commerce Leaders Initiative

Commerce Leaders Initiative (CLI) is Ranchi's dedicated Commerce & CUET coaching institute, built exclusively around the needs of Class 11, Class 12 and CUET aspirants. Rather than treating Board exams and CUET as separate battles, CLI's programs are engineered as a single, continuous journey — where every concept taught for the Boards is reinforced through CUET-style application, and every CUET practice session strengthens Board readiness.

With two dedicated centres across Ranchi, experienced Commerce faculty, and a curriculum refreshed each year against the latest CUET pattern, CLI has positioned itself as the institute of choice for families who see Commerce not as a fallback, but as a serious, high-value career path.

01

### Outcome-Focused

Every class is mapped to a Board mark or a CUET score gain.

02

### Integrated Design

Boards and CUET prepared together, not as separate tracks.

03

### Local, Accountable

Two Ranchi centres, in-person mentoring, visible progress.

WHAT YOU GET

## Program Features

A single batch, four pillars of preparation — every student is trained across Boards, CUET Domain, Language and the General Test paper.

### 01 Board Exam Mastery

Syllabus-aligned, chapter-wise coaching for Class 11 & 12 Commerce Boards, with regular tests and answer-writing practice.

### 02 CUET Domain Practice

Extensive question practice across Accountancy, Business Studies and Economics, matched to the latest CUET pattern.

### 03 Language Paper Training

Focused sessions on the CUET Language section — comprehension, vocabulary and time-bound practice.

### 04 General Test (GT) Paper

Reasoning, general awareness and quantitative aptitude drills to build speed and accuracy for the GT section.

### 05 Experienced Faculty

Classes led by dedicated Commerce educators with a track record of CUET results.

### 06 Regular Mock Tests

Timed, CUET-pattern mock tests with score analysis to track improvement batch-wide and individually.

### 07 Personal Mentoring

Small-group doubt-clearing and one-on-one guidance for stream, college and course selection.

### 08 Curated Study Material

Updated notes, structured question banks and previous-year papers for both Boards and CUET.

BEFORE YOU JOIN

## Frequently Asked Questions

The answers Commerce parents and students ask us most often.

**Q. Who can join the Dream College Batch?**

Any student moving from Class 10 into Class 11 who wants an integrated, two-year path covering Class 11 & 12 Boards together with CUET preparation.

**Q. What is the difference between the Dream College Batch and the 12th + CUET Batch?**

The Dream College Batch is a two-year track starting from Class 11. The 12th + CUET Batch is a one-year, intensive track for students already in Class 12 who need condensed Board + CUET preparation.

**Q. Which subjects and CUET sections are covered?**

Board Commerce subjects, the CUET domain subjects (Accountancy, Business Studies, Economics), the CUET Language paper, and the General Test (GT) paper.

**Q. Is CUET compulsory to get into colleges like SRCC or SSCBS?**

Yes. Since 2022, admission to Delhi University and most central universities for courses like B.Com (Hons.) and BBA is based on CUET scores rather than Class 12 board marks alone.

**Q. Can I study at one centre and shift to the other later?**

Yes. Both the Ashok Nagar and Sukrishna Commerce centres run the same curriculum and testing schedule, so students can move between centres with continuity.

**Q. How are students tested and tracked?**

Through regular chapter tests, CUET-pattern mock tests, and performance analysis, so both students and parents can see clear, measurable progress through the year.

**Q. How do I enrol my child, or myself, into the batch?**

Visit either CLI centre in person and speak with the Dream College Batch counsellor, who will guide you through enrolment, batch timing and fee details.
